| | <p>Chloe W and Courtney were presented with their thank you letters from Jemma Lang in Children's Commissioning for some work they did to support P2i providers to better hear the voice of the young resident. They produced some resources over 2 sessions, including a Top Tips poster and then presented their work to the YMCA in Taunton.</p>  | Further opportunities to continue this work will be available in February and March. |

| 5. | Icebreaker | |
| | We played a game where we had to collectively count to 20 and it was much harder than we thought and we could only get to 10! | |
| 6. | Review of the Practice Standards for Social Workers - Liz | |
| | Liz told us that the Practice Standards need updating - they set out how social workers should work with young people and families. The group had to read through the statements and highlight bits that they felt were too complicated or add comments about what might need to be added. This could mean that in the future children who are looked after receive a different type of service from social workers. | The Quality Assurance Team will feedback to the group within 2 months to say what they have done after getting the views of the group. |

| | <p>Julie explained that the Route 1 Team want to make sure that all children and young people who are looked after know about advocates and independent visitors and how to contact them.</p> <p>The group was asked whether creating a film would be a good way of doing this. Julie asked everyone to discuss this in groups and write some ideas down on paper.
