

BUILDING HAPPIER FUTURES

The John Lewis Partnership invites people with care experience to take part in our Building Happier Futures employment programme: an ongoing scheme to identify and recruit talented people who've experienced care to become Partners in our business.

We have developed a supported employment approach in partnership with local authorities and charities. Including a tour of our John Lewis or Waitrose shop, work experience and a guaranteed interview, this approach gives care experienced people an opportunity to truly explore the John Lewis Partnership and start a meaningful career.

Who we are looking for: Enthusiastic Care Experienced individuals looking to explore a career in our business.

HOW IT WORKS

1

EMPLOYABILITY WELCOME TOUR - Care Experience People are invited to attend our local John Lewis or Waitrose to find out more about the Partnership and our available roles, including a tour of the site.

2

WORK EXPERIENCE - Work experience is offered within the location so the Care Experience people can experience the reality of what it is like to work with us. In our shops, we offer 3 days of work experience, and in our Warehouse & Hotels we offer 5 days.

3

APPLICATION SUPPORT - Following work experience, if you are interested in applying for a position, you will be invited to apply for an interview. If work experience has been completed, the interview is guaranteed. *(Where this is no live vacancy, there will be an opportunity to be placed in our talent pool after a successful interview)*

If you or someone you know is interested in participating, please reach out to us at:
